JOINT MOTION TO EXTEND DISCOVERY PERIOD

Now come the parties to the above captioned matter and respectfully request that this Court extend the discovery period, currently scheduled to close on December 31, 2005, to March 31, 2006.

As grounds therefore, the parties state that they are currently engaged in discovery but due to schedules of witnesses and counsel, the time requested is necessary to adequately conduct depositions. The parties further state that completing discovery is a necessary prerequisite to any agreement to mediate this case, or assess the merits of filing dispositive motions.
